1. BACKGROUND

Government of Andhra Pradesh has adopted a mission-based approach towards development of Andhra Pradesh. For tourism sector, a Sub-Mission under Services Mission has been constituted. A Mission document has been approved by the Government providing a broad roadmap for tourism sector up to 2020. Tourism Mission focuses, among others, on Marketing and Brand building of Tourism sector by “Strengthening tourism eco-system with strategic partnership”.

Strategic partnerships with various stakeholders in the tourism eco-system are essential for tourism growth. These partners could include National / International Tour agents, Tour and Travel operators, Hotel and Hospitality Partners, Airlines, other private / public sectors partners, Travel media Railways, Tourism Development Corporations / Boards / Authorities, etc. While such partnership support the marketing and brand building efforts, they could be strategically structured to benefit tourists and aid in enhancing tourist services.

For attracting tourists to a particular circuit, tour operators play a very significant role. Well-designed tour packages also ensure tourist footfalls at all major destinations in the regions, help extend the duration of tourist stay, promote special attraction in a region (Eg: Rural tourism, home stay concepts etc) as also address key challenges like food & transport facilities in a particular circuit and most importantly ensure tourist convenience. Tour operators as one of the most significant marketing channels for tourism promotion and most countries that prioritize tourism have realized the importance of partnering them.

Keeping the above made points in mind, the Department of Tourism has engaged with various stake holders such as Tour and Travel Operators, Travel Agents, Airlines operators, Cab operators, Hotel and hospitality operators who are willing to enhance inbound tourism in Andhra Pradesh and prepared a detailed scheme to enrol all such stake holders as partners with the department.
